

Civil Aviation Authority of the United Kingdom

CONTINUING AIRWORTHINESS MANAGEMENT ORGANISATION APPROVAL CERTIFICATE

REFERENCE: UK.CAMO.2028

Pursuant to Regulation (EC) No 2018/1139 of the European Parliament and of the Council of 4 July 2018 on common rules in the field of civil aviation and establishing a European Union Aviation Safety Agency and to Commission Regulation (EU) No 1321/2014 and subject to the conditions specified below, the Civil Aviation Authority hereby certifies:

CELAIRION GMBH
ECO-PLUS-PARK, 1. STRASSE 5, 2460 BRUCK AN DER LEITHA, AUSTRIA

Registered Company Number: 309913

as a continuing airworthiness management organisation in compliance with Section A of Annex Vc (Part-CAMO) to Commission Regulation (EU) No. 1321/2014.

CONDITIONS

1. This certificate is limited to the scope specified in the scope of work section of the approved continuing airworthiness management exposition (CAME) as referred to in Section A, Annex Vc (Part-CAMO) to Commission Regulation (EU) No 1321/2014.
2. This certificate requires compliance with the procedures specified in the CAME approved in accordance with Annex Vc (Part-CAMO) to Commission Regulation (EU) No 1321/2014.
3. This certificate is valid whilst the approved continuing airworthiness management organisation remains in compliance with Annex I (Part M), Annex Vb (Part-ML) and Annex Vc (Part-CAMO) TO Commission Regulation (EU) No 1321/2014.
4. Where the continuing airworthiness management organisation subcontracts under its management system the service of an (several) organisation(s), this certificate remains valid subject to such organisation(s) fulfilling the applicable contractual obligations.
5. Subject to compliance with the conditions 1 to 4 above, this certificate shall remain valid for an unlimited duration unless the certificate has previously been surrendered, superseded, suspended or revoked.

If this form is also used for air operator certificate (AOC) holders (air carriers licensed in accordance with Regulation (EC) 1008/2008), the AOC number shall be added to the reference, in addition to the standard number, and condition No 5 shall be replaced by the following additional conditions:

6. This certificate does not constitute an authorisation to operate the types of aircraft referred in condition No 1. The authorisation to operate the aircraft is the AOC.
7. Termination, suspension or revocation of the AOC of an air carrier licensed in accordance with Regulation (EC) No 1008/2008 automatically invalidates the present certificate in relation to the aircraft registrations specified in the AOC, unless otherwise explicitly stated by the Civil Aviation Authority.
8. Subject to compliance with the previous conditions, this certificate shall remain valid for an unlimited duration unless the certificate has previously been surrendered, superseded, suspended or revoked.
